The WOCCON Summit is an invitation-only convening for investors, allies, and policymakers who want to deepen their understanding of the problems with the system that continues to keep women of color entrepreneurs locked out. The Summit will share stories about the unique entrepreneurial journey of women of color, facilitate honest conversations about allyship, and propose solutions that can lead to systemic change. Our goal is to help attendees find a path to taking action to create a more inclusive entrepreneurial ecosystem.

WHO SHOULD ATTEND

- Investors
- Allies and Champions
- Policymakers
